The W. B. Erect Form Corset releases the chest and abdomen and throws the shoulders back into a fine military attitude. It is a proper model for the new straight front styles in costume. The Erect Form is hygienic, easy and shapely. It is suitable for all figures and comes in various lengths and in all sizes.

The Celebrated La Premier. The finest and best Corset produced. The Acme of grace and comfort. \$2.50, \$3.00, \$3.50, \$4.00, \$5.00, \$6.00, \$7.50.

The R. & G. CORSETS. The extreme straight front Corset of 1900 was foreshadowed by the moderately straight R. & G. No. 397 of 1898. The 397 was, and is, the corset of comfort with the essence of style. It is straight enough to be healthy and curved enough to conform to the body's lines. During 1900 many dealers have sold it as a "straight front corset." To be sure, it is more nearly a straight front than many corsets that were sold under that misleading title, but an R. & G. straight front is quite another matter. IS WELL KNOWN IN RICHMOND

**Dr. C. P. Williamson Receives a
Hearty Welcome to This City.**

HIS FEMALE SEMINARY.

Plans for It Are as Yet in Embryo—Baptists
to Begin a Revival—News of the
Churches and Catho-
lic Notes.

Dr. C. P. Williamson will preach this morning and to-night at the Marshall Street Church, opening his engagement there as temporary pastor. This afternoon he will address the young men's missionary meeting at the Seventh Street Christian Church.

Dr. Williamson is well known in Richmond, having formerly resided here, and doubtless his initial services will be largely attended. He expects to make Richmond his home and the field of his future work. It is his purpose to establish here a large female seminary, for the higher education of young ladies, and while the work on the enterprise has just begun, it already bears the marks of a successful venture. The school, it is hoped, will be in working order by next September.

A SHORT SKETCH.
Dr. Williamson was born in Caroline county, Va., in 1848. He received his early education in private schools and at William and Mary College. He left school in 1866 and came to Richmond, engaging for three years in the insurance business with three well known firms. From here he went to the Kentucky University, where he spent about seven years, taking the seminary course and the art course. He received first honor in the graduating class of twenty-four and second honor in the classical course.

For the next three years Dr. Williamson was professor of mental and moral sciences at Hamilton Female College, Lexington, and for eight years thereafter was president of Madison Female College. During this latter period he was also editor of the *Apostolic Guide*, the State paper of his denomination in Kentucky.

In 1891 he went to Atlanta, and there took charge of the First Christian Church, then a small organization. When he left the church had increased in membership nearly four-fold and was in a flourishing condition. During his stay in Atlanta Dr. Williamson was for one year superintendent of the Kentucky Chautauque, at Lexington, and also platform manager of the Piedmont Assembly for two years.

He has for some time been considering the idea of establishing a female college here, and some short time ago resigned charge of the Atlanta Church and came here for that purpose.

BAPTISTS' REVIVAL SERVICES.

The Baptists of Richmond and Manchester will hold revival meetings during the next two weeks. The movement will be union one, in which all the churches of this denomination in the two cities will join. Beginning to-night there will be services nightly in each of the churches, and there will be a noon-day meeting each day at the Second Church, to which all are invited. A number of the churches will have visiting ministers to preach. Services will be conducted as follows:

Broadway Memorial, by Rev. Mr. Bruner, of Baltimore; East-End, by Rev. J. R. Daniel, Scottsville, Va.; Venable Street, by Rev. J. L. Lawless, of Frankfort; Immanuel, by Rev. M. E. The Jefferson Memorial Society, of Richmond, and the Marshall Memorial Society, of Highland Springs, will unite at 3 P. M. in the Bion Theatre, to hold centennial anniversary services of President Thos. Jefferson, at which a lecture will be delivered by Rev. M. Kellogg, Schermerhorn on "The Relations of Thomas Jefferson to his Country, to the World and Religion."

AFFAIRS IN NEW KENT.

Icehouses Have Been Filled—A Unique Prayer.
(Special Dispatch to The Times.)

ROXBURY, VA., March 2.—The recent cold spell gave the farmers a chance to fill their ice-houses with beautiful ice. It was from four to six inches thick, and all took advantage of perhaps the last chance of the season.

Mrs. Mary Morgan, one of New Kent's most estimable ladies, died at her residence, near Quinton, Wednesday, from cancer of the throat. She was in her sixty-eighth year, and had been a great sufferer for some time. One child survives her—Mrs. J. A. Williams, of Quinton—and several grandchildren.

Rev. Harry J. Goodwin will preach his farewell sermon at Emmaus Sunday.
Poor old Frank Miller, the victim of the automobile fright, yet believes in the warning given him, that the day of judgment was near at hand, and is still warning all he can. It seems the special object of his labor is the young operator at this place, who is a kind-hearted young man, and has done the old-darkey many a kind-act.

A few days ago he begged the young man to let him pray, and this is his prayer, or part of it:

"O Lord, gib dis young man de eye ob de eggle dat he may spy sin afar off. Vax his hands to de gospel piov. Nail his ear to de gospel pole. Bow his head down tween his knees! and his knees way down in some dark and lonesome valley, whar prayer an much needed. Nint him wid karsene oil ob salvation and den set him fire quick. Amen."

Though the young man was very respectful, he does not want any more of old Frank's prayers.

This same old negro is the only one, in the city, who got the best of Mr. McFolkes, the brave and handsome young officer of the First Police District, Richmond.

Mr. Folkes has many friends in this county, who always are glad to have his company, so he spends much of his leisure time hunting and fishing. Some time ago he met old Frank, and he asked the old man why was it he always thought the Devil was after him.

"Why, the Devil never bothers me," was old Frank's reply.

"You kill a great many birds, don't you?"

"Yes."

"Some you cripple and don't git."

"Yes."

"Den you run arter dem, an' try an' ketch dem?"

"Yes."

"Well, dat's jest de way wid me. 'I am one ob dem crippled birds, an' de Devil is arter me, an' you is one ob dem dead birds, and de Devil know you is dead, an' he is got 'em dead, an' he badders arter you no more."

It is said this is the first time this brave officer was ever known to retreat.

Mr. C. S. Taylor and Mr. Newsome, after a pleasant visit to friends in Jamestown, have returned home.

Miss Lee Kay is visiting Miss Ann Reid, of Seven Pines.

Miss Edith Kay is visiting Miss Esther Moody, of Quinton.

Mr. Melvin Moody, the popular conductor of the Clay-Street line, is visiting his parents, at Quinton.

NEWS IN THE COUNTY.

Henrico Democratic Committee Holds a Meeting—Boys Arrested.

A meeting of the Henrico Democratic Committee was held yesterday at the courthouse.

It was decided to hold a primary election for district officers on the 4th of April. The committee decided, furthermore, to vote on the same day for a delegate from Henrico to the coming Constitutional Convention.

The session of the committee was interesting, and was well attended. Chairman R. L. Glinn presided. Plans for the coming election were discussed, and, with the exception that this time the polls will be closed at sunset, instead of at 7 P. M., will remain practically as heretofore.

The names of those wishing to appear as candidates for the various offices will have to be in the hands of the chairman of the committee, Mr. Glinn, by March 24th, or else will not be considered.

Antioch Church, of Henrico county, has consented to join with the three others—Four Mile Creek, Central and Pioneer—in calling a pastor. The committee appointed for the purpose will probably meet to-day week to take some action.

Three small white boys were arrested yesterday by Officer Perrin, charged with stealing copper from the Richmond Locomotive Works. They were admitted to bail and will be tried Monday before Judge George W. Thomas.

Watt Watkins, charged with beating Ardenia Scott and arrested by Constable Myer Angle, was tried Friday night before Judge J. T. Martin. The case was continued.

James Bannock, charged with striking a boy named John Bunch, was fined \$1 and costs by Judge Martin.

Mrs. Ann Bendall, the white woman who attempted to escape from the poor house, has been adjudged insane by a commission of lunacy and is confined to the county jail.

The Tuckahoe School Board met yesterday and paid off the teachers.

"Squire J. R. Woodson's barn on Fulton Hill was entered Friday night and several bags of corn, amounting to about \$5, were taken away. But there was a hole in one of the bags and Squire Woodson traced the thief some distance by the split corn. He thinks he is on his track and expects to land him in jail in a few days.

Interesting Debate.
A meeting of the Young Men's Hebrew Association will be held this afternoon at 4:30 o'clock.

A declaration, an essay, and a debate, "Resolved, That Mrs. Carrie Nation is Justified in Smashing Saloons in Kansas," will be the programme. The public is cordially invited to attend.

CONWELL ON HEROISM.

The Popular Lecturer to Appear at the Y. M. C. A. Monday Night.

One of the finest lectures and entertainments in the history of Richmond will be given on Monday night in the Y. M. C. A. Auditorium, when Rev. Russell H. Conwell, the famous lecturer and divine, will appear in one of his masterpieces, "The Heroism of a Private Life."

Dr. Conwell has been here before; he is greeted by crowds everywhere. There is only one Conwell, and there is but one man who has been permitted to lecture almost five thousand times, and to deliver one lecture twenty-six hundred times. His books are read with eagerness, and have had an enormous sale. One of the most beautiful things of his whole life is the fact that he has used largely the fees received from his lectures in educating poor students, having given about half a million dollars to this cause.

It will be a delightful evening, a lecture of magnificent force and thought, and at the same time an entertainment worthy of the best audience that Richmond can turn out, and this is saying a great deal. Dr. Conwell will be introduced by Dr. Cecil, of the Second Presbyterian Church.

WILL MOVE FOUNDRY.

Trigg Company Will Get in Larger Quarters.
The foundry of the William R. Trigg Company will be moved from its present location to the island next week. The work of tearing down the old buildings will soon be begun, and the removal of the machinery shop to the island will soon follow. This will afford largely increased facilities for the two departments of the concern.

The work on the revenue cutters now being constructed at the island will be completed in a few days.

A CRAVING.

Nature Hints to Us of Food That is Needed.
It is interesting to know that food alone, if of the right kind, will surely cure most diseases. I have eaten my dinner, and now when I have eaten my dinner, I am hungry for Grape-Nuts, for they satisfy some craving I can hardly define.

"A friend of mine is nursing a five months' old baby; she is inordinately fond of Grape-Nuts Food, but found it necessary to forego the luxury of the usual amount because it increased the flow of milk so much as to cause discomfort."

Name can be given by Postum Cereal Co., Ltd., Battle Creek, Mich.

Postoffice Receipts.
The receipts of the postoffice for the month of February from the sales of stamps, postal cards and stamped envelopes amounted to \$2,946.02. The receipts for the same month a year ago amounted to \$1,947.05, showing an increase of \$998.97.

building at the Trigg Company's yards is rapidly progressing.

The work on the Dale and Decatur, the two torpedo boat destroyers, is being rushed. The machinery is being tested as it is placed.
